**Location:** Thessaloniki, Greece

## Short Note

---

My name is Angelos Areklakis and I am an aspiring Software Engineer and Systems Administrator, studying in the Department of Electrical and Computer Engineering at University of Western Macedonia. I was born in Athens, Greece and I have been living in the country ever since. I speak natively Greek and English as a second language. From a young age I discovered my passion for problem solving and designing solutions. I am a hard worker, very eager to learn new things and expand my capabilities every day, using always the most updated tools and information provided. The career paths that interest me the most are Systems Administration and DevOps.
